

## Lot 166

# Tarzino x Cast Your Vote, by More Than Ready Gelding

Prepared by Katrina & Simon Alexander

### Type

A finer type that is athletic but just needs a bit more time to fill out and strengthen. A smart looking horse that still has a fair bit of growing to do to level up in front, but is still of good size.

### Temperament

This horse has been very easy to prepare and has coped well during the prep. He has a good attitude and has been very straight forward to deal with around the stable.

### Work ethic

A very straight forward ride that seemed to enjoy his work, holding himself in a good frame and settles nicely in contact. He is light on his feet and works well in company or by himself.

### Appetite

Generally a good eater for the majority of the prep, but just got a little tied towards the end and occasionally left a small amount of feed. Always into his feedbin at feed time though.

### Breeze Up

Performed credibly in his breeze up but does still need to be held together and supported to stay balanced. He started to stretch and flatten out towards the line.

### Jockey

Sam Weatherley \ “Nice horse that will improve with time. He tries to please.”

### Post Breeze Up

He has done a lot of lying down in the paddock but no signs of being shin sore or any other joint issues.
