

Lot 193

Vadamos x Equivalence, by Encosta de Lago Colt

Prepared by Katrina & Simon Alexander

Type	Very athletic, masculine horse of good size and good balance. Nice head, good length of rein and good girth. He is a strong boned horse and well-muscled but not too heavy. He is developing very evenly and no reason why you couldn't continue his education at this stage. A very versatile horse.
Temperament	This colt has a good, workable temperament but can be impatient at times. Knows he is a colt but manageable by all members of staff. He has a good attitude to work and loves his box. Very good around the stable in general.
Work ethic	Lovely big striding horse that settles into the bridle well and enjoys his work. Will work happily in company or by himself. He rolls nicely into his fast work and is very relaxed after working.
Appetite	Never leaves an oat.
Breeze Up	Breezed up in nice style without being extended. He worked into it well, lengthened nicely and hit the line well in hand.
Jockey	Darren Danis \ "A very nice horse with a promising future. Feels good under you. The pick of my rides."
Post Breeze Up	Bright and settled the next day. No signs of shin soreness or any other muscular or joint issues. He has blossomed since breeze ups.
