### Redwood x Pharmacusa, by Red Ransom Gelding

Prepared by Katrina & Simon Alexander

Type	A compact, strong and well-muscled horse.
Temperament	He is a kind horse that is easy to have in the stable. He has a good attitude and is easy to handle.
Work ethic	An easy and well-mannered ride that works in a nice frame. Snaffle mouth.
Appetite	Generally a good eater who holds condition well.
Breeze Up	This horse coped well with the atmosphere on the day but didn't perform as well as we had hoped, he lacked confidence to hit out fully.
Jockey	Darren Dannis \ "Got a little lost out there, should improve with time and more confidence."
Post Breeze Up	No signs of shin soreness or any other joint or muscular issues. A little tired but otherwise happy.
