

## Lot 30

# Redwood x Quality Dream, by Elusive Quality Gelding

Prepared by Katrina & Simon Alexander

<b>Type</b>	Athletic, lighter framed horse who will mature and strengthen with time.
<b>Temperament</b>	A bright and energetic horse that settled into this preparation well. A relaxed horse in the box with no vices.
<b>Work ethic</b>	This horse has a great attitude towards his work and is very genuine. He works in a nice frame with a light snaffle mouth and can be ridden by anyone. He is very light on his feet and even though a little weak at this point he shows promise in his fast work.
<b>Appetite</b>	A very good eater who always goes straight to the feed bin.
<b>Breeze Up</b>	This horse coped well with Breeze Up day, I felt he hit out nicely in a well-controlled gallop and started to stretch out well as he hit the line. He is a horse that needs to build into his work to keep balanced.
<b>Jockey</b>	Darren Dannis \“Good attitude, he did well but just needs to strengthen.”
<b>Post Breeze Up</b>	He ate fairly well that night and pulled up well. No signs of shin soreness or any other joint issues and was bright and settled the next day.
