

Lot 90

Reliable Man x Tamara, by Redoute's Choice Gelding

Prepared by Katrina & Simon Alexander

Type	A compact, strong, muscular type of horse. On the smaller side but still has some growing to do yet. Great constitution.
Temperament	This horse has a great outlook on life and a sense of humour. Bright and energetic but kind. An easy horse to work with that has a lot of confidence in himself. He loves his box and happy to wait patiently by himself.
Work ethic	He loves his work and finds it very easy. A forward working horse that rolls along and works nicely in company or by himself.
Appetite	Very good doer, loves his food and never leaves an oat.
Breeze Up	Breezed up well and could have been asked for more but was restrained to stay with his mate. He hit the line wanting to stretch out and was well held.
Jockey	Darren Danis \ "A neat little horse with a good attitude. Feels bigger under you."
Post Breeze Up	Ate up the night after his breeze up and was very settled and bright the next day.
