Breeze Ups

NZB's Breeze Ups are a vital part of the two-year-old sale process, with all lots having the opportunity to gallop prior to entering the auction ring, whilst being timed and filmed.

Commencing at 10am (NZT) on Monday 16 & Tuesday 17 October 2023 at Te Rapa Racecourse, NZB is pleased to invite all prospective buyers to attend the action-packed gallops.

Visit nzb.co.nz for the Breeze Up schedule, results, as well as the Breeze Up and Parade Ring footage.

CONSISTENT MEASURES

For a fair comparison of data

The most consistent and comparable Breeze Ups, with all two-year-olds breezing on the same turf track at Te Rapa Racecourse over two consecutive days.

To ensure the integrity of NZB's Ready to Run Sale, all horses have a blood sample taken immediately after breezing up.

DETAILED RECORDINGS

Independently verified for accuracy

Horses will be individually timed and may breeze up in pairs or on their own at the discretion of the vendor.

Various details will be recorded and independently verified including multiple timings for accuracy, penetrometer readings of the track each day and an outline of weather conditions including wind anemometer for each breeze up.

EXTENDED VISION

Breeze Up and Parade Ring footage

All breeze ups are recorded in high definition from the home corner (around the 500 metre mark) to past the winning post.

Parade Ring vision of lots mounted pre-breeze up will also be taken to give buyers a 360 degree view of each horse at the Breeze Ups - from entering the mounting yard to galloping down the home straight.

ANALYSE & COMPARE

View clips and data online

All measurements including times, track conditions and weather can be easily viewed and compared from the NZB website, or downloaded within the Sale Info section.

All video clips including Breeze Up and Parade Ring footage, will be available to view online just days after Breeze Ups, and can be downloaded or shared for further analysis.

Unique New Zealand

Set apart from the rest of the world, a unique combination of enviable bloodlines and New Zealand's lush natural environment produces some of the very best thoroughbreds on the planet.

But Group One-winning racehorses are not produced purely from nature. There's toil behind the triumph, with expert kiwi horsemen and women understanding what it takes to raise champions.

Home to expert horsepeople

The countryside is home to expert horsemen and women who elevate the kiwi-bred status, giving young thoroughbreds a winning edge. These handlers, preparers, breakers, educators and trainers profoundly understand the characteristics unique to New Zealand-born and raised horses and capture their strengths to give them every opportunity for greatness.

TEMPERATE CLIMATE

Throughout the country

New Zealand's temperate climate and varied environment provides the perfect setting for breeding and growing out young thoroughbred stock.

STRONGER BONES

Achieve greatness

New Zealand is home to various nurseries situated in rolling countryside and wide rural landscapes. These fertile conditions play a crucial role in allowing juveniles to mature and strengthen.

MINERAL RICH SOILS

Nourish young thoroughbreds

Bountiful grass and abundant mineral-rich soils give New Zealand-born and raised thoroughbreds strength and stamina, reinforcing their immense resilience and power.

Horses

- Where practicable, maintain a recommended minimum safe distance of 5 metres from a horse.
- Do not attempt to touch or inspect any horse without the permission and presence of the horse's handler.
- Horses have right of way. Obey any instruction or request given by the handler of a horse moving through your vicinity. Don't position yourself where you create an impediment to or are blocking the movement of horses.
- The Sale ring, indoor parade ring, outdoor parade ring, ring entry and ring exit chutes are clearly defined by the post and rail fencing and rubber walking surface. These are non-pedestrian areas. Do not enter. There are defined areas where you can cross the chutes. Please ensure you check that there are no horses approaching and cross quickly.

Any person entering the complex does so at their own risk.

EXPLANATION OF PEDIGREES

The pedigrees included in this catalogue are produced to the standards as defined by the International Grading and Race Planning Advisory Committee (IRPAC) and ratified by the Society of International Thoroughbred Auctioneers (SITA), and published in the annual International Cataloguing Standards (ICS) book, with the following exceptions:

Q & N Races: These are not recognised as earning black type nor are mentionable races.

Fourth: While fourth placings in black type races may be mentioned in pedigrees, they do not qualify a horse for black type.

Jumping: Jump races now listed in the yellow section of the ICS book qualified for black type up and including December 31, 1985.

Designators: All group and listed designators are shown in bold type face where these were the official designation in the year of racing. Where races have been extrapolated back in time the designator is shown in light type face.

Local group races: For a small number of countries important to the Australasian breeding industry we have included local group race designators (Jpn-1, HK-1, Sgp-1). These designators are for information only and the races are recognised internationally as Listed only.

In addition to black type races, other races are mentioned on the catalogue page:

- Australia - All metropolitan races, plus all major provincial races
- Europe - All races at major race tracks
- New Zealand - All races worth \$10,000 or more run by major clubs except Maiden races, Jumpers' Flats and Highweights

The pedigrees in this catalogue have been compiled by Arion Pedigrees Ltd from their cataloguing database using information supplied weekly by NZ Thoroughbred Racing Inc. Wellington and Racing Australia Limited, Melbourne plus other sources around the world. While this information is believed to be correct, Arion Pedigrees accepts no responsibility in the event of errors or omissions. NZB'S CODE OF PRACTICE

New Zealand Bloodstock Limited (“NZB”) has formulated a Code of Practice to benchmark a high standard of integrity and transparency in relation to bloodstock sales to safeguard the interests of vendors, buyers and other stakeholders.

For the purposes of this Code, the term:

- “Agent” means any employee or contractor of NZB, including auctioneers, authorised to act in the sale and/or purchase of bloodstock.
- “Client” means the person who has engaged NZB.
- “Customer” means the person to whom bloodstock is sold or from whom bloodstock is purchased on behalf of the Client.

This Code is subject to the Conditions of Sale.

1. The Agent shall make honesty and integrity the standard in all their dealings with Clients and Customers. The Agent will be clear in representing the business relationship between themselves and other involved parties.
2. The Agent shall not engage in any conduct which is misleading or deceptive or is likely to mislead or deceive.
3. The Agent shall not place himself/herself in a position where undisclosed personal interests conflict with those of NZB or the Client or the Customer.
4. The Agent shall act in the interest of their Clients and shall not bring disrepute to themselves or to NZB or the bloodstock industry.
5. NZB may act for more than one Client in a transaction, which may be the vendor and buyer, if this is disclosed by the Agent to the Client and no objection is raised.
6. Under no circumstances will an Agent use his position to obtain a secret commission, profit or benefit. NZB and/or the Agent shall be responsible to the Client for any unauthorised commission, profit or benefit obtained by the Agent in the course of his/her employment.

NZB'S CODE OF PRACTICE

7. An auctioneer may bid as an Agent on behalf of a vendor on any lot on which a reserve price has been placed up to that reserve only if authorised by the Conditions of Sale.
8. The Agent shall not bid or assist a person to bid on behalf of a vendor except as expressly authorised by the Conditions of Sale.
9. The Agent must communicate to Clients or their representatives accurate details of all offers received for the Client’s bloodstock as soon as practically possible.
10. The Agent shall ensure that all Clients’ money is held to the account of the Client and must be properly accounted for.
11. The Agent shall ensure that all advertising shall meet the standard of fairness, decency, accuracy and honesty.
12. The Agent shall ensure that no bloodstock will be offered for sale without the Client having been given confirmation of commission and fees.
13. The Agent shall maintain the confidentiality of Client and Customer information.
14. The Agent shall not discriminate or deny equal professional services to any person by reason of race, creed, sex, marital status, disability or country of national origin.
15. The Agent shall keep up to date with and comply with all relevant contractual and commercial legislation. NZB submits to the jurisdiction of the New Zealand Courts for any alleged breach of relevant legislation.
16. The Board of NZB must ensure there is an appropriate internal process in place for resolving complaints which allege a breach of this Code. If appropriate the Board may initiate a disciplinary process in respect of an employee who is alleged to have breached this Code.
