Breeze Ups

With all lots having the opportunity to gallop prior to the Sale whilst being timed and filmed, NZB's Breeze Ups are a vital part of the two-year-old sale process.

Commencing at 10am (NZT) on Monday 21 & Tuesday 22 October 2024 at Te Rapa Racecourse, NZB is pleased to invite all prospective buyers to attend the action-packed gallops.

Visit nzb.co.nz for the Breeze Up schedule, results, as well as the Breeze Up and Parade Ring footage.

CONSISTENT MEASURES

The most consistent and comparable Breeze Ups, with all two-year-olds breezing on the same turf track at Te Rapa Racecourse over two consecutive days. To ensure the integrity of the Sale, all horses have a blood sample taken immediately after breezing up.

DETAILED RECORDINGS

Horses will be individually timed and may breeze up in pairs or on their own at the discretion of the vendor. Various details will be recorded and independently verified including multiple timings for accuracy, penetrometer readings of the track each day and an outline of weather conditions including wind anemometer for each breeze up.

EXTENDED VISION

All breeze ups are recorded in high definition from the home corner to past the winning post. Parade Ring vision of lots mounted pre-breeze up will also be taken to give buyers a 360 degree view of each horse at the Breeze Ups - from entering the mounting yard to galloping down the straight.

ANALYSE & COMPARE

All measurements including times, track conditions and weather can be easily viewed and compared from the NZB website, or downloaded within the Sale Info section. All videos will be available to view online just days after Breeze Ups, and can be downloaded or shared for further analysis.

It is a condition of admission to this complex that all persons must strictly adhere to the following rules to ensure their safety and that of those around them:

Horses

- Where practicable, maintain a recommended minimum safe distance of 5 metres from a horse.
- Do not attempt to touch or inspect any horse without the permission and presence of the horse's handler.
- Horses have right of way. Obey any instruction or request given by the handler of a horse moving through your vicinity. Don't position yourself where you create an impediment to or are blocking the movement of horses.
- The Sale ring, indoor parade ring, outdoor parade ring, ring entry and ring exit chutes are clearly defined by the post and rail fencing and rubber walking surface. These are non-pedestrian areas. Do not enter. There are defined areas where you can cross the chutes. Please ensure you check that there are no horses approaching and cross quickly.

Any person entering the complex does so at their own risk.

Follow instructions, obey all rules and signs posted about the complex. You must comply with instructions and directions given by staff or persons acting in an official capacity. If you are unsure, please do not continue and seek advice from a member of our staff.

All visitors must park their vehicles in the designated car parking areas or where instructed to do so by persons acting in an official capacity. You must adhere to the complex speed limit of 20kph.

The complex is equipped with fire alarm systems. A CONTINUOUS sounding alarm indicates that you are to evacuate the building immediately by the nearest exit. Once outside the building, assemble with others at the assembly point situated on the lawn opposite the carpark in front of the Sale Day Office. Wait for instruction from the emergency warden. Do not try to re-enter the building until the All Clear has been given.

The complex has a strict 'No Smoking' policy in all buildings.

If you have an accident on the complex, please report it immediately to reception personnel who will ensure that First Aid is made available and that our accident reporting procedures are followed.

If you see something hazardous, any condition or practice you think might cause injury or an accident, report it to reception.

Dogs and other pets are not permitted on the complex.

EXPLANATION OF PEDIGREES

The pedigrees included in this catalogue are produced to the standards as defined by the International Grading and Race Planning Advisory Committee (IRPAC) and ratified by the Society of International Thoroughbred Auctioneers (SITA), and published in the annual International Cataloguing Standards (ICS) book, with the following exceptions:

Q & N Races: These are not recognised as earning black type nor are mentionable races.

Fourth: While fourth placings in black type races may be mentioned in pedigrees, they do not qualify a horse for black type.

Jumping: Jump races now listed in the yellow section of the ICS book qualified for black type up and including December 31, 1985.

Designators: All group and listed designators are shown in bold type face where these were the official designation in the year of racing. Where races have been extrapolated back in time the designator is shown in light type face.

Local group races: For a small number of countries important to the Australasian breeding industry we have included local group race designators (Jpn-1, HK-1, Sgp-1). These designators are for information only and the races are recognised internationally as Listed only.

In addition to black type races, other races are mentioned on the catalogue page:

- Australia - All metropolitan races, plus all major provincial races
- Europe - All races at major race tracks
- New Zealand - All races worth \$10,000 or more run by major clubs except Maiden races, Jumpers' Flats and Highweights

The Sale will offer a voluntary Repository in which vendors may, at their discretion, place pre-Sale X-rays, video endoscopy and other stipulated information.
